

The Bromfords School and Sixth Form College School Governing Body

Declaration of pecuniary and personal interest - Year: 2017-2018

Notes:

Register of Interests It is important for anyone involved in spending public money to demonstrate that they do not benefit personally from the decisions they make. To avoid any misunderstanding that might arise all academy governors and staff with significant financial or spending powers are required to declare any financial interests they have in companies or individuals from whom the academy may purchase goods or services.

The academy trust's register of interests must capture relevant business and pecuniary interests of members, trustees, local governors of academies within a multi-academy trust and senior employees, including:

- directorships, partnerships and employments with businesses
- trusteeships and governorships at other educational institutions and charities
- for each interest: the name of the business; the nature of the business; the nature of the interest; and the date the interest began

The register must also identify any material interests arising from close family relationships between the academy trusts members or trustees, and relationships between members or trustees and employees.

Boards of trustees should keep their register of interests up-to-date through regular review.

| Name of Governor | Name of Business | Nature of Business | Nature of Interest |
