

26th March 2018

Dear Parent/Carer

As the run in to examination season draws ever closer, staff will continue to provide opportunities for students to attend revision classes and support sessions after school. As with previous support offered, we feel it is important that some structure is provided so that students are not faced with a variety of different subject sessions on the same evening which may cause them anxiety over which session they should attend.

After Easter, the model for after-school Year 11 subject enrichment will follow the pattern below:

w/b 16 th April	Core (English, Maths and Science)
w/b 23 rd April	Options
w/b 30 th April	Core (English, Maths and Science)
w/b 7 th May	Options

This means that in the week after Easter, after school sessions will focus on English, Maths and Science only; the following week the sessions will focus only on options subjects with the pattern repeating until the written examinations begin on 14th May 2018. Students have been already issued with their examination timetables but dates and times of the summer examinations can also be found on our school website:

*Please note that this session is only for students in 11.1Ma2 and 11aMa4 (Mrs Manning's groups)

Staff able to offer these sessions over Easter will provide more specific information to the students regarding content and arrangements for the day.

The Easter holiday can be an essential one for students to further their revision and make use of the resources available to them such as www.gcsepod.com , however it is important that students look after their well-being at what can be an anxious and stressful time. Please encourage them to balance their time effectively, eat well, get plenty of fresh air and sleep!

I would also like to take this opportunity to remind you that we will be running an examinations' information evening for parents on 25th April from 6:00pm to 7:30pm which will help you support your child over the summer. On the same evening a company called 'Make It Happen' will be available from 5:15pm to 6:15pm to help you support your child with revision during examination season. We hope you can join us for these two sessions.

Yours faithfully

JTree
