Dear Parent/Carer

As the run in to exam season draws closer, staff will provide opportunities for students to attend revision classes and support sessions after school. As in previous years, we feel it is important that some structure is provided so that students are not faced with a variety of different subject sessions on the same evening which may cause them anxiety over which session they should attend.

After half-term, the model for after-school Year 11 subject enrichment will follow the pattern below:

w/b 19 th February	Core (English, Maths and Science)
w/b 26 th February	Options
w/b 5 th March	Core (English, Maths and Science)
w/b 12 th March	Options
w/b 19 th March	Core (English, Maths and Science)
w/b 26 th March	Options

This means that in the week after half-term, after school sessions will focus on English, Maths and Science only; the following week the sessions will focus only on options subjects with the pattern repeating until the Easter break.

We will explain the structure in more detail to students in their assembly on Friday and it will be for individual staff to communicate to students the specifics of their sessions, both in terms of content and timings.

I hope, however that the information above will help you support your son/daughter next half-term by asking them which sessions and subjects they will be attending.

Yours faithfully

Mr. Jochen Tree
Deputy Headteacher (Student Outcomes/Teaching and Learning)
